

# TUCSON AEROBATIC SHOOTOUT

## Sponsorship

The 13<sup>th</sup> Tucson Aerobatic Shootout (TAS) will be held Oct 17-21, 2018 in Tucson, AZ. It is the premier giant scale aerobatic event. The top pilots from around the world are invited to compete in both Precision and Freestyle categories.

The event is followed worldwide by the giant scale community, with great interest in the leading edge equipment used. The event is a showcase for the latest trends in giant scale modeling. The TAS invigorates and fuels the hobby as pilots worldwide strive to emulate what they see at the TAS.

Since the inception of the Tucson Aerobatic Shootout, sponsorship from the model airplane industry, has been the primary key to its success. The substantial prize structure that the event is known for, helps fuel the intense competition, and increases media coverage that helps stimulate the hobby and the industry that depends on it. All entry fees and sponsorship funds go directly to the prize pool and cost of producing the event.

The last year has brought a lot of challenges and changes in the RC Hobby industry. High profile events are essential to keep our industry healthy and no one outside of our industry is going to step in and do it for us. While we do everything we can to promote our sponsors at and outside of the event, the primary benefit of sponsoring the Tucson Aerobatic Shootout is truly the long term health of the industry where we pursue our livelihood. I hope you will strongly consider being part of the Tucson Aerobatic Shootout!

Here are the various sponsorship levels and event benefits:

### **Friend of the TAS- \$100.00+**

2018 TAS T-Shirt, Pit Pass

### **Bronze- \$500.00+**
